Creators & Distributors of Educational Toys | 2025 Range

Let's work together.

Welcome to our 2025 collection of tried, tested and trusted products available for worldwide delivery.

You are our number one priority, and we are here to help you at every step – from selection to supply, marketing and ongoing support.

We look forward to working with you.

“ The Commotion team is filled with fun, kind, and creative individuals who are a true pleasure to collaborate with. Their communication is exceptional, and they consistently display in-depth product knowledge and a willingness to help. We couldn't ask for a better partner.

Emily Webster, Scholar's Choice (Canada)

Ethical sourcing - the root of success

Benefits of FSC certification

Provides reassurance to customers and consumers of our commitment to environmental and social responsibility: all FSC-certified products in our distribution range carry a demonstrated chain of custody, proving the wood comes from responsibly managed forests and harvested to benefit communities, wildlife and the environment.

Eco-aware consumers are increasingly requesting FSC-certified products in retail stores.

Fair labour rules are required for FSC-certified factories, including respect for local workers' rights and the abolition of child & forced labour.

Allows supply to countries with laws prohibiting the trade and use of illegally harvested timber and wood-derived products.
